

## Results of the survey

**What are the major impacts of  
Ganesh festival?**

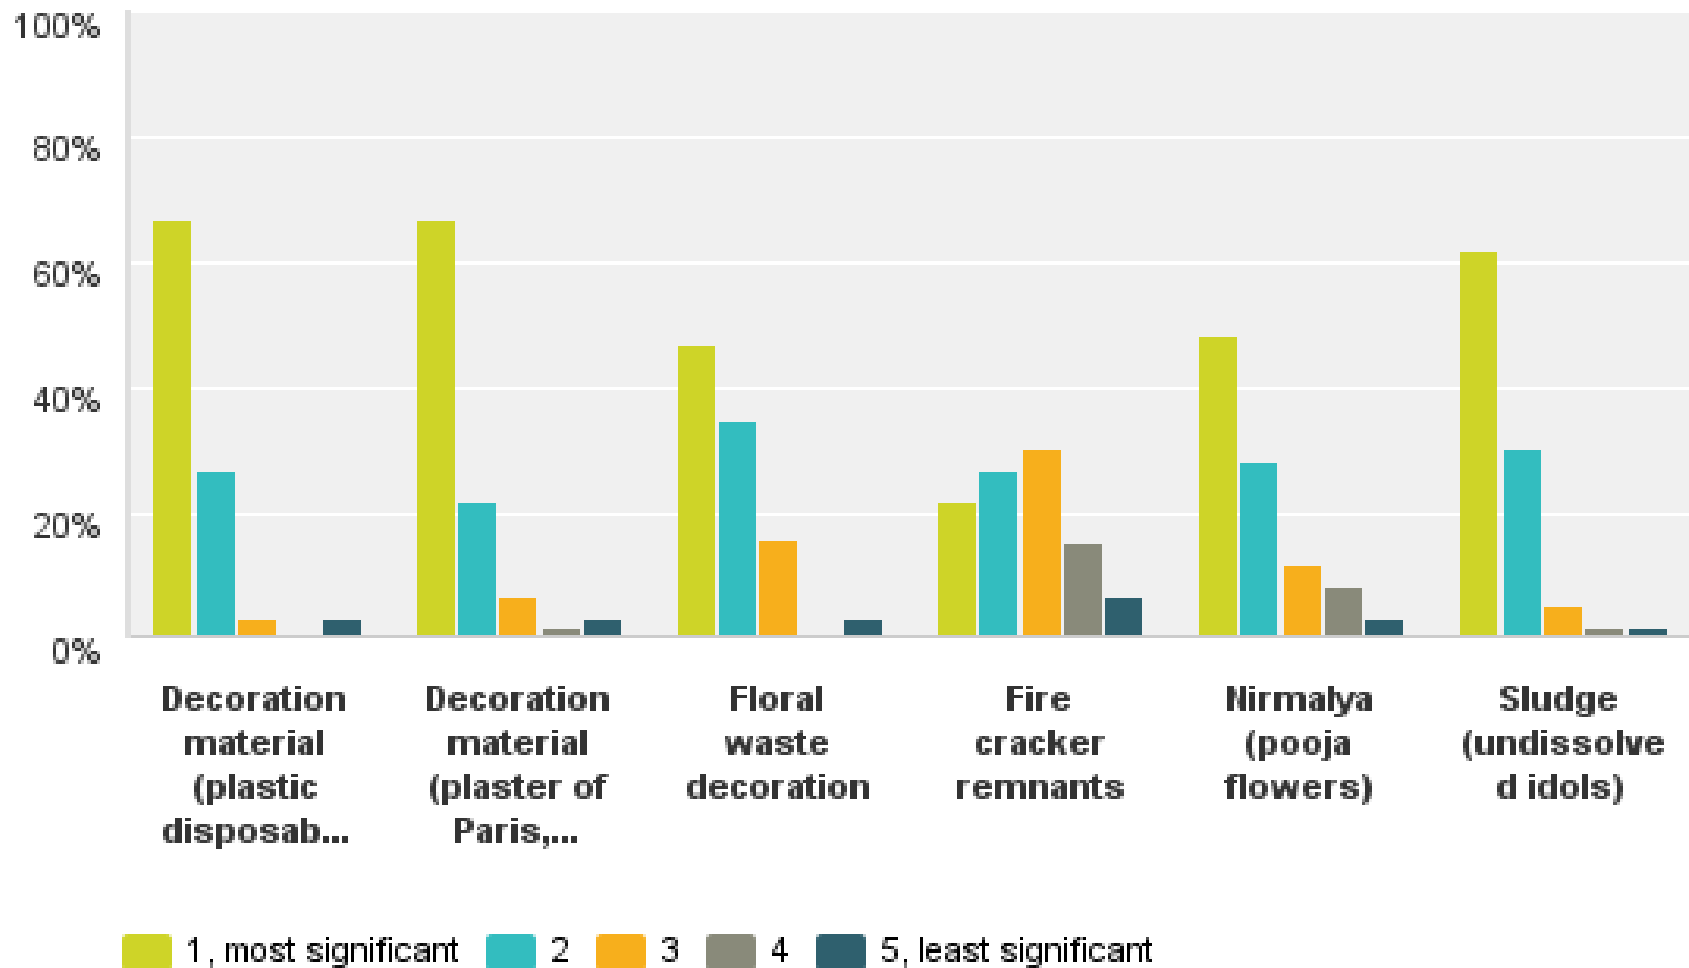

# Q1 How much effect does Ganesh festival have on the following dimensions of human life?

## Q2 Which of the following impact category is most affected during the Ganesh festival?

### Q3 Which waste category is generated most during the Ganesh festival?

## **Q5 What strategies do you suggest for better waste handling and treatment during the Ganesh festival?**

***Some of the responses to this question were:***

- *“State government should establish Special departments for Festivals/cultural events’ that manage logistics and proper functioning of all the festivals and even marriages in India”.*
- *“Regulation for quantity of material especially plastic and thermocol to be used by mentioning the maximum permissible weight, sizes, area of pandals,etc. control over volume of sound rather than time restrictions”.*
- *“I think Ganesh mandals should do live decorations( Historical plays , Comedy plays) so that all type of waste should be reduce and its also helpful to make aware people about our history, religion etc. Also Mandals can arrange different types of competitions for entertainment”.*
